Signature: _____

Date: _____

Why \$136 in dues?

Your dues are critical to making Zonta run — they power advocacy, programs, and community impact.

At the association level, dues enable:

- Advocacy & Representation — advancing policies that affect women and girls.
- Education & Training — webinars, workshops, leadership development.
- Networking & Professional Growth — access to global and regional connections.
- Communications & Resources — curated research, newsletters, and tools.
- Stable Funding & Innovation — predictable revenue for programs and initiatives.

At the community level, membership provides:

- Opportunities to serve your local community through service projects and advocacy.
- Belonging to a supportive group of women and allies.
- Access to leadership roles and skill development.
- A platform to elevate causes you care about locally and regionally.

Think of your \$136 as both an investment and a partnership: it sustains programs at all levels and ensures you receive meaningful returns in network, skills, and impact.
